MOODY'S
INVESTORS SERVICE

Baa1 / stable
18 May 2021

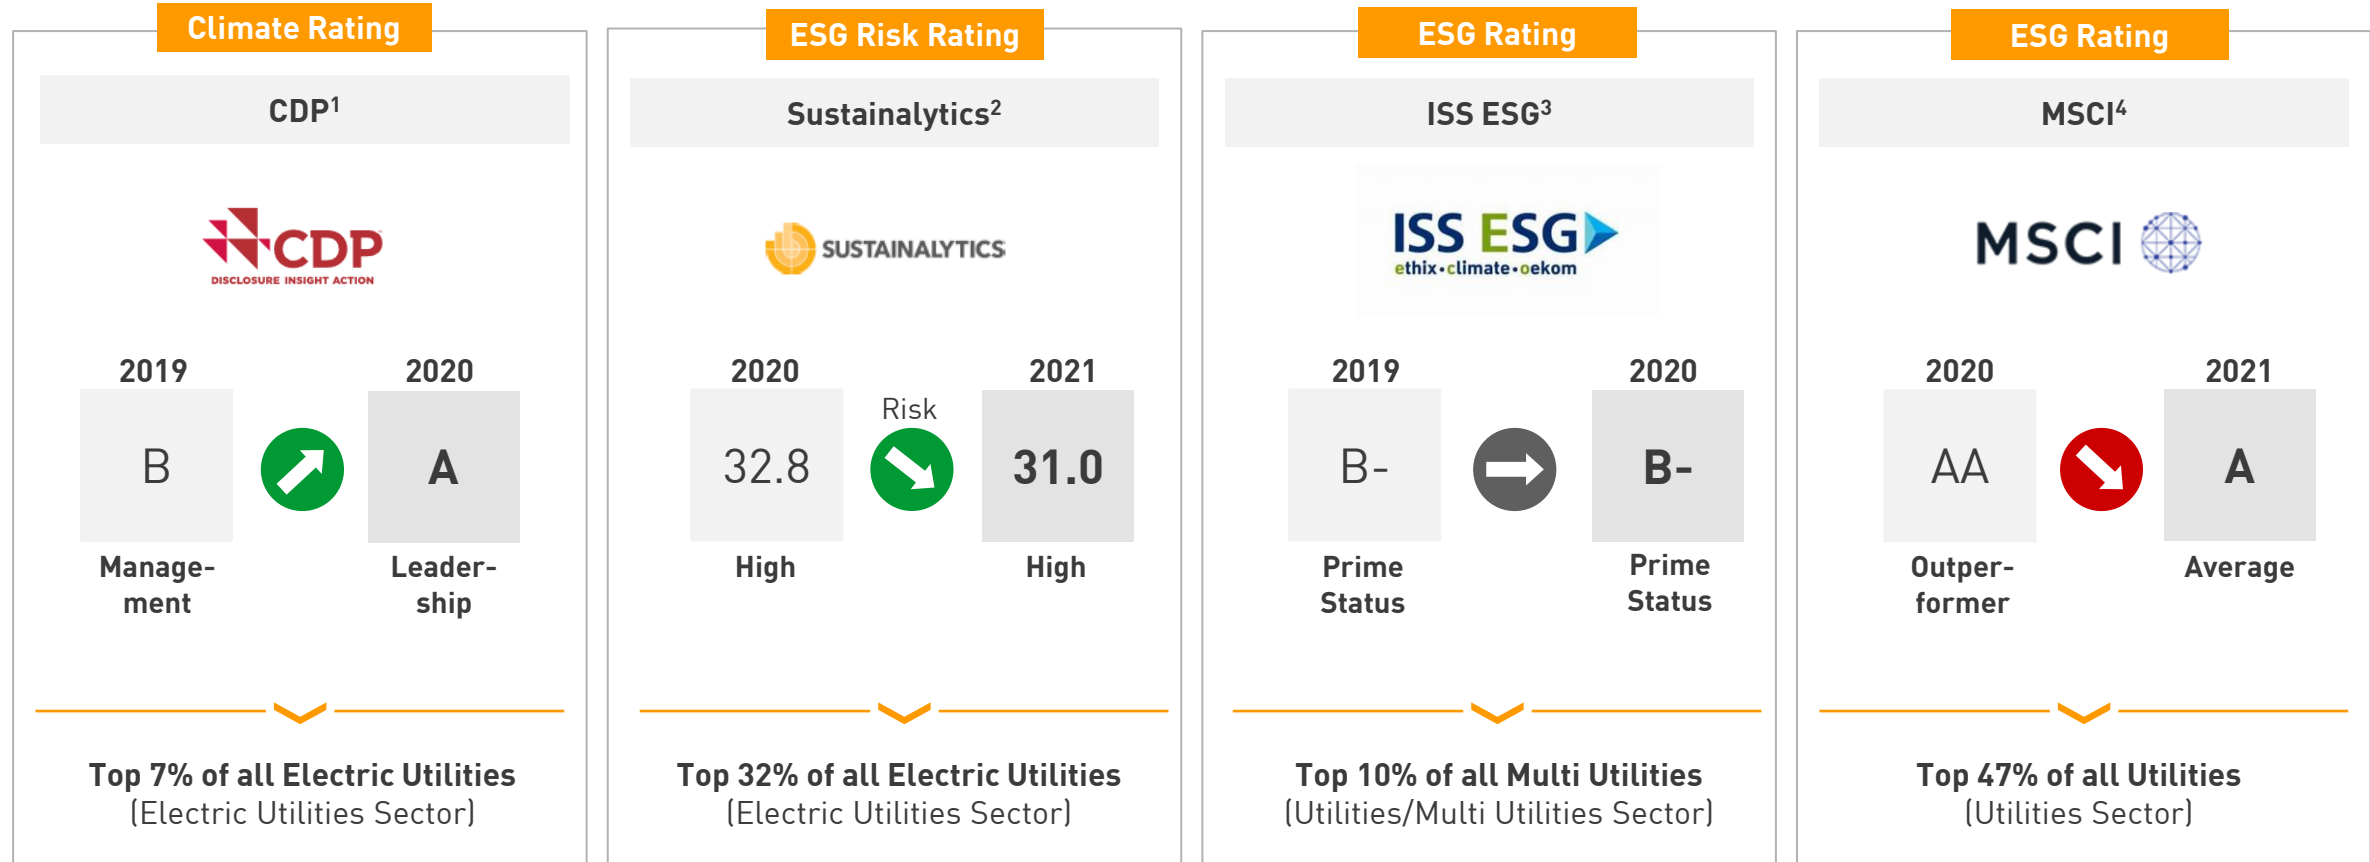

- › Leadership position as vertically integrated utility within Baden-Württemberg
- › Significant proportion of EBITDA, around 50%, from low-risk regulated distribution and transmission activities
- › Growing share of renewables under contracts as EnBW continues to invest in line with its strategy
- › Historically balanced financial policy and demonstrated commitment to robust credit quality
- › Difficult operating environment in Germany for conventional generation and challenging retail markets
- › Execution risks relating to a large investment programme, including offshore wind development
- › Supportive stance of shareholders

RATINGS SERVICES
McGRAW HILL FINANCIAL

A- / stable
2 June 2021

- › Well positioned amid the European energy transition, with a business mix that is proving resilient to economic downturns
- › EnBW to enter an intensive investment circle focusing mostly on low-risk grid projects and increasing renewable capacity
- › Capex intensification will increase leverage, but consistent with current rating
- › Regulated business and low-risk renewable portfolio will translate into stable and sustainable cash flow streams
- › Prudent risk-sharing strategy; increasing share of minority shareholdings factored in in S&P's rating triggers
- › Moderate likelihood of government support
